FOCUS ON NSW 3

From the President

As 2025 ends we can only look back and admire the amazing achievements all our clubs and members have made. It's a thrill to sit at my desk at work and watch world cup results from Egypt and China in real time. But it's just as thrilling to hear about the dozens of grade breaks, personal bests and maximum scores that have been shot over the past year. While shooting ability has been awesome, so too have our amazing ambassadors. There are too many to name, but it fills me with glee when I hear about our members going above and beyond to ensure competitions are running smoothly. I love hearing about our junior shooters representing their state in the most positive way possible. It makes me smile when I hear that we have huge entry numbers at state championships across multiple disciplines. While this job has some tough parts, it's all made worth it when I read and hear about how happy and healthy our members are, and how our clubs continue to thrive.

Junior Camp kicks off in mid-January at Cessnock Pistol Club. I had the privilege of attending 6 junior camps under Judy and Phil Bronger in the late 90s. There are many special memories of coaches, judges and fellow shooters that still hold a special place in my heart today. It's a fantastic week of learning and I encourage all our juniors to attend. Also, the Junior Director is always looking for centralized places to hold the camp. If your club is interested in holding a training camp of any kind, please get in touch with the office.

Please be kind to yourself and others, especially over the new year break. Take time to rest and recover from the stresses of the world. Please have a safe and restful end of 2025 and I'll see you all on a range somewhere in 2026.

Lee Scott
NSWAPA President

From the Editor

Lets start by saying how great it is to see so many people out at the ranges, a few comps even cracked well over a hundred entries! Amazing to see ranges full of competitors, barbecues sizzling and fresh new faces out there having a go.

Now the calendar is already starting to get jam packed with competitions and the current calendar is in the back of this edition, correct at time of print, but keep an eye out online on the NSWAPA website or the Facebook page as competitions are added all the time.

For the state squad/team there will be a training event coming up in January, perfect time to refresh and get back into the swing of comps, and training, in the lead up to the Nationals. The team is yet to be announced so keep an eye out for more info.

It is great to see so many clubs now sending in articles, I really love seeing all the different types of matches and activities happening around the state. If you send in an article could you please send the photos as separate files and not embedded into the article as it doesn't print well and we can't always enhance it enough to remove the blur that occurs through loss of definition.

Another note, if you are scoring and you see a NSW competitor shoot a 50, please get a photo taken and sent in to me before it gets patched. 50s definitely should be celebrated and I would love to fill up the 50s page.

Looking forward to seeing everyone back at the ranges after the Christmas break. Hope you all have amazing celebrations and kids get ready to welcome the new year in with an amazing junior camp at Cessnock with Allison and the team!

Merry Christmas to you all,

Dannielle Donohue
Editor & Social Media Officer

- **1st June 2026**
- **1st September 2026**
- **1st December 2026**

From the NSWAPA Coaching Director

P650

As you know, a P650 form is an NSW Firearms Registry requirement to allow a unlicensed person to use a firearm. ^{1,7}

- a) The P650 form is valid for the day it is signed only, a new P650 form must be completed on every attendance. ^{2,3}
- b) The shooter can only shoot under the P650 form authority for 1 month from their initial P650 form, after this 1 month they must not shoot unless they have provided the club evidence of licence or minors permit application. ^{6,7}
- c) Once the person has provided the club evidence of licence application, they can continue to shoot with a new P650 form until they have their actual physical PPL or minors permit (remember, a new P650 form every attendance). ^{6,7}
- d) Whilst under a P650 form, there must be one-on-one supervision of every P650 shooter by an authorised Cat H licensed member. ⁸
- e) A separate P650 form is required for Shooting and Training, if they do both in the same day 2 x P650 forms are required, one for each activity. ^{4,5}
- f) Government Photo identification (drivers licence, passport, etc), record the card number in photo ID number box. ⁹
- g) Photo ID for minors - the photo ID of the parent or legal guardian completing P650 form section D is supplied and sighted, and this ID is written in Section A. ^{10,11}
- h) Directly after completion of the initial P650 form, the club authorised official must present the NSWAPA P650 Safe Handling course (by reading and discussing the booklet), and have the NSWAPA P650 Safe Handling Course Acknowledgment Form completed and signed, before shooting. ^{7,13,14}
- i) Ammunition is controlled and accounted for by the supervising person. ^{8,12}

Note: For the intent of this content, Use, Shoot, Shooter and Shooting covers anything relating to the handling and use of firearms and ammunition, including training, matches, practice, etc.

Just to clarify, the shooter is either –

- **Authorised by producing their original licence, PPL, minors permit, or,**
- **has a P650 form signed and authorised on that day by an authorised club official.**

If the person has neither the club and officials are in breach and potentially liable.

- **If the person is permitted to shoot past 1 month without evidence of licence application, the club and officials are also in breach and potentially liable.**

Detailed Information:

- 1) What is a P650 Declaration form? A [P650 Declaration - Person shooting on an Approved Range or undertaking a Firearms Safety Training Course](#) is the form which must be completed prior to an unlicensed person shooting on a range or undertaking firearms safety training. ¹

- 2) Does a person need to complete a new declaration every time they wish to try target shooting under direct supervision at an approved range? Yes, the P650 form must be completed on each occasion by an unlicensed person.²
- 3) a P650 form is to be completed on each occasion an unlicensed person wishes to undertake a 'try shooting' activity.³
- 4) What if I want to shoot on a range and also complete a safety training course? Then you will need to complete two forms, one for each separate purpose. The forms are required to be kept by the club official, range official or instructor as a record of participants. Therefore if you are doing both activities, two records need to be completed and retained by the appropriate person.⁴
- 5) What is a P650 Declaration form? If a person wishes to participate in both activities as prescribed by section 6B (1)(a) and section 6B (1)(b) of the Firearms Act 1996, then two (2) declarations are required to be completed.⁵
- 6) The unlicensed person undertaking this P650 safe handling course, is allowed to participate in pistol shooting for 1 calendar month from the date on the form, unless he joins a pistol club and applies to firearms registry for his Provisional Pistol Licence.⁶
- 7) 9. RESPONSIBILITIES OF AFFILIATED CLUBS, (2) No Affiliated Club shall permit any non licensed person to use a pistol unless the person has filled out a P650 form, completed a P650 Safe Handling course, and been issued with a P650 Completion Certificate. (3) No Affiliated Club shall permit a person to utilise a P650 form for longer than one (1) calendar month unless that person has joined that club and an application has been made for their Probationary Pistol Licence.⁷
- 8) What is direct supervision? Direct supervision must not exceed a ratio of one unlicensed person to one licensed supervisor. The licensed supervisor must be present at the firing line and not leave while shooting activities are being undertaken by the unlicensed person. The licensed supervisor must be able to immediately render assistance to the unlicensed person. The licensed supervisor must convey the firearm and ammunition to be used by the unlicensed person to and from its place of storage to the firing line. Who is authorised to directly supervise unlicensed persons on the range? A person who is the holder of a licence to possess or use a firearm of the kind being used by the unlicensed person may directly supervise the unlicensed person. The supervising person must be authorised by a club or range official.⁸
- 9) What is acceptable photo identification? Acceptable photo identification is a photo ID issued by a government agency or public authority. Drivers licence, passport, etc which lists name, date of birth and address details. A business or club ID is not acceptable.⁹
- 10) Can a club/range official or an instructor accept a P650 declaration if the person doesn't produce photo ID, but produces other documentation? No, photo ID must be produced and sighted by the club/range official or instructor, except in the case of a minor, when the photo ID of the parent or legal guardian is supplied and sighted.¹⁰
- 11) Section D – Minor. Written consent is required for a person aged between 12 - 18 years (a Minor). This section must be completed and signed by the parent or legal guardian of the minor. The photographic identification of the parent or legal guardian must be supplied to the club official, range official or instructor and this is written in Section A. Section A - Personal Details. In the case of a Minor photo identification of the parent or legal guardian completing the consent in Section D must be supplied.¹¹

- 12) How is ammunition controlled when an unlicensed person is shooting under a P650 at a shooting range? The supervising person authorised by a club or range official is to maintain accountability and control of ammunition at all times and retain possession of ammunition until the unlicensed person is at the firing line. The supervising person is to include the loading of ammunition in the practical component of firearms safety training and ensure the unlicensed person is only permitted to load the firearm when deemed competent to do so by the supervising person. When firing ceases, the supervising person is to ensure no ammunition is left in the possession of the unlicensed person.¹²

Jeffrey Langlands

NSWAPA Coaching Director
statecoachingdirector@nswapa.org.au

Since the last Focus article the following courses and training have been conducted:

- Grass Roots Session: 13th September 2025 at Tuggerah Lakes Memorial PC
- Grass Roots Session: 18th October 2025 at Campbelltown Liverpool District PC
- Club Instructor Course: 19th October 2025 at Campbelltown Liverpool District PC
- GOT: 15th and 16th November 2025 at Cessnock PC
- Coach Level 1 course: 29th and 30th November 2025 at SISC

The next sessions are:

- Junior Camp: 10th – 17th January 2026 at Cessnock PC
- NSWAPA Team & Squad workshop 2026: 24th and 25th January 2026 at SISC
- Grass Roots Session: 31st January 2026 at Thelmore Pistol Club
- Club Instructor Course: 1st February 2026 at Thelmore Pistol Club
- GOT: 14th and 15th March 2026 at Campbelltown Liverpool District PC
- Grass Roots Session: 21st March 2026 at Lightning Ridge Pistol Club
- Club Instructor Course: 22nd March 2026 at Lightning Ridge Pistol Club

Check the NSWAPA rolling calendar for current information and registration forms.

Grass Roots Sessions and Club Instructor

Are your club or members interested in either of these?

Grass Roots and Club Instructor information sheets are available so the details can be discussed by the clubs, contact myself or the NSWAPA if you are interested.

As an individual you might be interested in attending either of these sessions, although the host club members have the priority, sometimes there are spots available for members from other clubs to participate. If you are interested check the NSWAPA Rolling Calendar regularly, if spots become available the registration form will be on it.

Trust you all have a happy and safe Christmas break and continue training for the 2026 competition season,

Jeffrey Langlands
NSWAPA Coaching Director
statecoachingdirector@nswapa.org.au

Grass Roots & Club Instructor's Course Campbelltown Liverpool Districts Pistol Club

Grass roots training and club instructors' courses, if you haven't signed up for one yet give yourself a slap and get on board.

October 18 and 19 at Campbelltown Liverpool District Pistol Club (a lot seems to be happening there lately), the weekend saw us hosting a Grass roots and a club instructors course.

Saturday was hosting to a grass roots training with Jeffery Langlands heading up the day with the support of Sue Guy, St Ives and in-house club coaches . 13 people attended and all walked away in the afternoon with better skills and a lot happier with their ability. From basics in breathing , sight picture, stance right through to follow through, it was a very informative day with plenty of time for discussion and practical time on both Air and live fire. The sharing of knowledge and conversations uniting all.

Followed on Sunday with a club instructors' course, again very well presented by Jeffery, along with the wealth of knowledge of John Roache The day was well attended by CLDPC members, and visitors from other clubs taking advantage of the day.

The course designed to accredit P650 instructors who are the first contact for people trying the sport. These initial contacts can help attract or turn people away from the sport, so it is vital they are up to date with all the safety requirements and the ability to share the necessary requirements to participate , without turning them away. The day covered the legal requirements of the P650 regulations and a handbook full of FAR requirements that all should be made aware off when first starting the sport. A very full day of theory with ample time for discussion and then followed in the afternoon with practical methods for instructing new shooters. As opposed to Coaching .

ALL clubs should take advantage of this course adding legitimacy to your clubs training and induction methods .

Weekend Coaching Level 1 Accreditation Course at SISC

Over the weekend of 29–30 November, ten enthusiastic participants gathered at the Sydney International Shooting Centre for the Level 1 Coach Accreditation course, and what an outstanding weekend it turned out to be!

Guided by NSWAPA's highly experienced coaching team, **Jeffrey Langlands** (State Coaching Director), **Allison Doyle** (Junior/Youth & State Coaching Assistant Director) and **John Roache** (NSWAPA Secretary), the course had a balance between theory, hands-on coaching practice, and generous open discussion.

We are incredibly proud to have completed the Level 1 Coaching Course. The collective enthusiasm, collaboration, and commitment to developing our sport were evident from start to finish. It's inspiring to see people willing to step forward and contribute to the growth of their clubs and the broader shooting community.

Coaching is a genuinely rewarding pathway, one that strengthens both individuals and clubs. If you've ever thought about giving coaching a go, take the leap. It's well worth the journey!

Warm Regards,

Laetitia Callegari
Vice President, St Ives Pistol Club

NEW SOUTH WALES AMATEUR PISTOL ASSOCIATION INC

JUNIOR CAMP 2026 – CESSNOCK PISTOL CLUB

ARRIVE: Saturday 10th January 2026 (after lunch)

DEPART: Saturday 17th January 2026 (before 10am) IF ALL CLEANING IS DONE!

LOCATION: Cessnock Pistol Club
650 Maitland Rd,
Cessnock, NSW, 2325

INFORMATION: Junior camp is open to all juniors at all levels of shooting. Juniors are divided into groups according to their ability and consistency and coached accordingly. **New shooters are encouraged**, as learning proper shooting methods early will fast track a junior to the elite ranks. All shooters must be financial members of Pistol Australia.

Closing Date: 19 December 2025

Cost: \$100.00 per person – ammunition supplied (We suggest asking your Clubs to sponsor the Juniors to the camp)

Extra: Bring spending money for local activities if planned (Movies rated M or lower) and lunch/snacks for comfort stops on bus there and back.

Club Activities: -Home Theatre Entertainment club
- Walking, Table Tennis, Cricket etc

Requirements: -Drink Bottle, Reusable (screw lid) hot drink cup, Air bed or stretcher
-Sleeping bag or blanket and pillow.
- Board Games, cards, cameras (Due to closer inspection, **Cards Against Humanity** has been banned from camp)
-Appropriate clothing (no revealing shorts or tops, modesty is to be adhered to.)
-Toiletries (sunscreen and insect repellent advised)
-Pistols - .22 semi auto and .177 air pistol

Registration form available on the NSWAPA website

From the NSW Referee Director

The NSW Referee Council has again had a very busy year with 47 sanctioned events (excluding the Shooting Australia Tier 1 and 2 events) all requiring a significant commitment by the Judges and volunteers who have attended these events.

In addition, it has been another busy year with Range Officer Courses throughout the state with many new Range Officers accredited and a further seven groups (35 candidates) now ready to complete their course practical assessment as soon as these can be arranged.

Rick Bowen has done an outstanding job again in enrolling, mentoring and monitoring all the Range Officer candidates on my behalf.

We now have one newly qualified ISSF Judge B who has commenced Judge B Training in Black Powder as well as one new ISSF Judge B in training who has also indicated that he wishes to become a Black Powder Judge when he has gained ISSF accreditation.

Regrettably, there has been many Range Officers and Holster Examiners who have elected to not complete the Australian Government Sport Integrity Training that all "persons of authority" in any sport – not just the shooting sports- are required to complete.

Over recent months, I have been working through the list of people who have not completed this mandatory SIA training and cancelling their accreditation as well as Level 2 Range Officers who have declined to complete the revision paper which was due before 31/12/2023.

Unfortunately, there has been some negative reaction when these authority holders have been advised that their Accreditation has been cancelled, however, it was their personal decision not to complete the SIA training or the Target Pistol Australia knowledge update.

Going forward, we will have a good strong group of well-qualified Holster Examiners and Assessors and a keen group of Range Officers keen to learn and further their knowledge.

I have recently been advised that my appointment as NSW Referee Director has been renewed for a further term of two years and look forward to continuing the promotion of the objectives of the NSW Referee Council in an efficient, consultative and inclusive manner.

As 2025 comes to an end, I would like to thank all Judges, Range Officers, Holster Examiners, Assessors and volunteers for their support and efforts during the past year.

In closing, I wish you all a Merry Christmas and a happy, healthy and prosperous new year.

Wayne Unicom
NSWAPA Referee Director

An amazing weekend was held at Cessnock Pistol club for the Girls On Target ladies that was full of laughter, coached training and many christmas treats. We celebrated the ending of the year with a bang, and we very much welcome the new faces that joined us. Thank you once again to Cessnock Pistol Club for hosting our event and the wonderful catering. Thank you to our coaches for the weekend, the knowledge you passed on to the ladies was well treasured and results were seen immediately. A special thank you to Alex Cagney, he is an absolute treasure and probably one of the most supportive volunteers I have ever met. Alex was up at the crack of sunlight making sure the ranges were set up and ready to go, our weekend truly wouldn't have been the same without him. Thank you to Grycol for the support and goodies and a huge shout out to our sponsor AJ Freight Hub as their continuous support has been nothing short of amazing!

Next on the cards is our March event at Campbelltown Liverpool Districts Pistol Club. This event is one not to be missed! We will be getting competition ready for all events big and small, but this is also the perfect opportunity to get set up and ready to tackle the National Championships.

I would like to ask all clubs, if they would like to host a Girls On Target training and development event in either mid June or mid September, to please contact me. We truly appreciate the support of our clubs and we more than welcome any of your licenced ladies to join in with us.

Registration forms are available in this focus on page 16, on the NSWAPA website, or the girls on target facebook page <https://www.facebook.com/groups/439090174463707>

Single Action News

The Nationals 2025 is the hot topic news in the single action shooting world with the match being held at the SSAA Captains Mountain complex in early October. The match is held across 8 days with additional side matches such as long range, 1911, Plainsmen, Pat Garrett and cowboy clays also being run. Many people take their caravans and stay at the complex and there are even accommodation units available for those that don't want to pitch a tent.

This year the national match was also held in conjunction with our trans-Tasman competition against New Zealand which saw over a dozen Kiwi's travel from NZ to compete against the Aussies.

183 competitors competed in the National championship match, which included 15 juniors, which was great to see, and some hard fought competition amongst them which was also great to see.

After 3 days and 12 stages the overall winner was only separated from 2nd place by a mere 3 seconds.

As I write this we have 1 last NSW competition left on the calendar with the Coachstop match being held at the SSAA Cudgegong complex in late November. It is a picturesque range complex set in a valley surrounded by hills and is a really great spot to camp and shoot at. It is not all that far from metro Sydney area, some shooters also stay in cabins at the nearby campground.

I hope you had a great year shooting Single action both at your local club and away at competitions. If you haven't yet had a chance to attend a match, they are great fun, you learn a lot and there are also a great bunch of nice people happy to help.

I hope you all have a great Christmas and use the break from shooting to replenish the powder into some empty brass ready for another great year of Single Action shooting in 2026.

Don't forget, for more information on Single Action shooting in both NSW and across Australia, check out the website <https://acas.today> which has a wealth of information and news, competition results, entry forms and links.

Cheers for now.

Michael Porter aka Drop Bear

Competition News

Report on State Championships 2025 at Wagga Wagga City Pistol Club 3 rd to 6 th October 2025

25 metre Pistol for Men is a new competition, not previously scheduled at the state championships, that have been held at Wagga Wagga over the last 47 years since our first ISSF state championships in 1978. However it has been held at National level for the last two years and included in our State programme since 2024, so we had to work out where to add it to our State programme and how to make it possible for the many athletes who might want to contest all of the events that were available to them.

Traditionally precision for 25m Pistol Ladies and Junior was shot on the Saturday and the rapid fire stage was shot on the Sunday. So could we handle about twice the number of 25m Pistol entries if most or even all of the men contested the new event. Well the Rapid Fire Stage on Sunday only takes an hour so for the Rapid Fire Stage it would be possible but for the precision which takes up to two hours there was no solution.

In 1996 we had more 50m entries than range capacity could handle so with the agreement of the State Executive an extra detail was scheduled on the Friday afternoon. During the 1990's when Finals were introduced to State Championships, Rapid Fire was shot over three days in order to cater for the number of entries. In 2012 at SISC, I had more Standard Pistol athletes than the range could handle and so we had a detail of Standard Pistol on the Friday afternoon. The idea of a detail volunteering to shoot the precision of 25m Pistol Men on Friday afternoon, would seem to be the answer. Wagga range could handle up to 72 athletes at once on the Friday afternoon, so could we make it work. For a normal sanctioned shoot over a two-day weekend, say 60 to 80 entries

shoot the five matches available to adults. In order to add a sixth makes for a busy weekend, so would they be deterred from entering the 6 th event? We resolved to try an experiment at the Wagga MVC open in April....You can enter all six events but to reduce the competition stress and spread the shooting timetable, consider volunteering to enter on Friday ½ , 1 , or 1 ½ events. This was successful, around half of the entries for 25m Pistol Men entered for the precision at 3.00pm on the Friday as well as Ladies and Juniors for Friday Air Pistol.

The entry form for the States was designed on this principle, with up to 60 positions available for Air Pistol on Friday afternoon and hopefully 36 positions available at 3.00pm for 25m Pistol Men precision. The State Executive agreed that in the best interests of state competition it was more important for athletes to be able to compete in all the events they wished to enter, than the compliance with several of the rules that require precision to be completed on the one day. 50 competitors completed the 25m Pistol Men event.

This year was the biggest state championship ever held at Wagga, 122 athletes entered 450 matches from Friday afternoon, until Monday. Only one range with Standard Pistol ran seriously late on Saturday afternoon and fortunately I had an hour gap on that range before Men's R F Stage began, so it finished on time. The timing for the four finals had to be changed to allow for the extra competitors but it all worked out okay and on time, daylight saving starting on Sunday did help.

The State Champions for 2025 are :-

- 50m Pistol Steven Ramirez 541
- Rapid Fire Steven Ramirez 547 19
- Centre Fire Timmy Turton 550
- Standard Pistol Kerry Bell 561
- Air Pistol Men Austin Villada 228.7
- Air Pistol Women Ellie Ridder 233.8
- Air Pistol Jn. Women Ellie Rudder 559
- Air Pistol Jn. Men Ben Paulino 568
- 25 m Pistol Women Lara Cowling 547 27
- 25 m Pistol Junior Ellie Rudder 564
- 25m Pistol Men Steven Ramirez 570
- Junior 3 match Aggregate Ben Paulino 1667
- Women's 3 match Aggregate Ellie Rudder 1663
- Men's 5 match Aggregate David Moore 2704

The Full scores are published on the NSWAPA website

Lismore Pistol Club's Spring Open

From Friday, October 24th to Sunday, October 26th, Lismore Pistol Club hosted its Spring Open, welcoming over 50 competitors. While Lismore may be “far away”—“in the bush,” as some juniors described it last year—the club was delighted to greet shooters from near and far.

This year, many participants travelled from Queensland, though we hope to see more local competitors in future events. One highlight was our electronic air range, which many experienced for the first time and greatly enjoyed.

Thanks to everyone's teamwork and commitment to essential tasks, under the direction of our conductor, Phil Sheibel, the event ran smoothly and finished right on schedule. The club's hospitality shone through, with delicious meals and two wonderful evenings spent together.

Thank you to all who joined us and made this Spring Open a success!

Note the beautiful 50 of CF precision stage by Adrian Varcoe.

Bang-On Weekend at Tamworth: NSW State Service Pistol Titles 2025

Tamworth Pistol Club was buzzing with precision, camaraderie, and the unmistakable tension of State Titles, as shooters from across New South Wales converged for the 2025 State Service Pistol Titles. Held over the weekend of September 13–14, the event showcased top-tier marksmanship across Service Pistol, Service Pistol Unrestricted, and 25-yard Service Pistol disciplines.

Competitors arrived early, gear in tow, ready to test their skills against the clock and each other. With matches kicking off at 9:00 AM sharp both days, the range echoed with the rhythmic crack of shots and the occasional cheer from fellow shooters. The entry fee? A modest \$15 per match — but the bragging rights? Priceless.

The Tamworth range, nestled on Daruka Road, proved a fitting venue. Known for its welcoming vibe and well-maintained facilities, it played host to a mix of seasoned veterans and rising stars. One standout performance came from Peter Roughley of Cessnock, who clinched first place in A Grade with a total score of 855. Not far behind were Peter Komacha and John Nosworthy, both delivering impressive rounds.

In B Grade, David Moore from Sydney led the pack with a score of 828, followed closely by Simon Taranto of Gosford and David Jaeger from Narrabri. And in Service Pistol Unrestricted, Don Pollard stole the spotlight with a commanding win, showing off the kind of precision and control that turns heads and earns respect.

Beyond the scores and squadding, the weekend was about connection. Shooters swapped stories, shared tips, and enjoyed the laid-back hospitality Tamworth is known for.

Whether you were there to compete, spectate, or just soak in the vibe, the 2025 NSW State Service Pistol Titles delivered a weekend to remember. And if you missed it? Well, there's always next year — and plenty of titles still to win!

CMPC All Service Pistol Championships St Ives

On the Saturday 29 November St Ives Pistol Club hosted 19 competitors, who gathered for a full day of Service Pistol shooting. The program featured Service Pistol 25 Yard, Service Pistol, and Service Pistol Unrestricted events.

The competition ran seamlessly thanks to the tireless efforts of judge Cheryl Moore, the range staff, organisers, and scorers.

Competitors not only battled each other, but also the elements, with temperatures soaring well into the 30s, strong wind gusts, and constantly changing light conditions with intermittent sunshine and cloud cover adding an extra layer of challenge. Despite the challenging weather, most competitors kept their cool, especially Thomas Hill of Cessnock Pistol Club, who broke into C grade in both 25 Yard and Service Pistol. Remarkably, he achieved these results with a pistol he had owned for just two weeks! A testament to his skill and composure under pressure.

The day concluded with a dramatic shoot-off that drew quite a crowd. Peter Komacha (Cessnock Pistol Club) and Simon Taranto (Gosford Pistol Club) went head-to-head for first place in A grade Service Pistol Unrestricted. The shoot-off stretched across three rounds, as the two shooters kept Shooting identical scores. In the 2nd round both Peter and Simon shot a perfect score of twelve 10's each! It was only in the third round that Komacha edged ahead, clinching victory by a single point. A thrilling finale that will no doubt be remembered and talked about for many years.

Off-gun champions were David Stelzer (Prison Officers Pistol Club) in both Service Pistol, and Service Pistol 25 Yard. Peter Komacha achieved off-gun in Service Unrestricted.

Congratulations to all the competitors that placed or achieved PB's. We hope you all enjoyed the day as much as we enjoyed hosting the event.

- Jackie Willis

CMPC Centrefire, 25M Pistol Championships, plus air pistol, held at Campbelltown Liverpool Districts Pistol Club

A very well attended event and everyone walking away happy with 2 great days of competition. It is always good to see the competitors travelling to attend these events and CLDPC make everyone more than welcome .

Breakfast when you arrive and some sort of healthy food at lunch, even Zooper Doopers in the freezer . I think some people don't even compete they just attend to catch up with old friends and have a cuppa with a piece of cake .

55 competitors vying for a medal in all grades, including some first-time competitors realising events are not just for the elite ,they are a platform where everyone is welcomed. With a couple of 50's on the day there were smiles all around.

Judges Lisa Wilson and Tony Drover ensured the matches all run as they should with no infringements reported and a very small handful of malfunctions . Lisa and Tony had it easy . But we still thank them very much for their support of the sport welcome them back anytime

This event was held as a training exercise for CLDPC's big event planned and already sanctioned in October 2026, the CLDPC memorial, consisting of Air Pistol, 25m Pistol, Centrefire and 25M Black powder matches, entry for juniors is free!

Other events on the CLDPC calendar include:

- The Badcoe February 15th
- Girls On Target weekend March 14/15th
- CMPC 50M Championships and Standard May 16/17th
- CMPC 25M, Men's Sports pistol, Air Pistol and Rapid events July 18/19
- CLDPC memorial Air, Sports. Centrefire and Black Powder October 23-26

Memorial Competition

Incorporating:-

- "The Kathy" - Kathy Renfrey Memorial 25M Match
- "The Wally" - The Wally Wright, Hey Fella Memorial Centrefire match.
- "The Davo" - The John Davidson Memorial Black Powder 25M Match.
- Campbelltown Memorial Air Pistol Match

"The Badcoe"

Major Peter Badcoe VC memorial; Teams Shoot February 15th

The longest running such event on the shooting calendar, first run in 1969 and only missed 1 in covid. Major Peter Badcoe VC was past member of the club and was awarded a VC following his death in Vietnam 1968. Check it out get along as part of a club team or as an individual . entry forms on the NSWAPA or CLDPC websites

ULLADULLA PISTOL CLUB INC.

Howdy all,

What a massive day at Ulladulla Pistol Club yesterday for the 3rd Annual Woodstock Regulators Invitational Horse Trophy Shoot with 38 people on the range from young and old (thanks for the apologies from those who couldn't attend).

The preceding weather leading up to the day was a cause of some stress, but the cowboy gods produced an absolute perfect competition day. Though we did arrive at the range and the solar system had stopped working Le Quint (aka Allan Dale) quickly had that operational.

A big thank you once again for the generosity from Outlaw (aka Scott Barnes) for contributing 4 large containers of his famous 'Barnzey Projectiles' that boosted up what was a very impressive Lucky Door and Raffle prize table which lots of people took something nice home with them.

Congratulations also to Misty Belle (aka Chelle Martin) for winning Last Man Standing, Doc Mustang (aka Rob Kaerasconyi) for winning the bottle of Jim Beam Devils Cut Bourbon.

The day kicked off early with competitors lining up from 7.30am for licence check, buying raffle tickets, coffee, and biscuits before the competition started 8.30am sharp with Le Quint (aka Allan Dale) giving a range safety briefing.

Being so many competitors, range officers and working crew (brass pickers, scorers, spotters, unloading table) all worked like clockwork and we got through the three (3) competition scenarios in good time.

Then it was over to the 50metre range for the Long Range Rifle Pistol Calibre elimination competition.

Whilst the competitions were underway, Brother Reds (aka Adam Yorke) slow cooked pulled BBQ pork was drifting the most incredible aromas over the entire range complex.

Huge thanks for Mrs Outlaw (aka Tracey Barnes), Chuckwagon (aka Paul Cole) and Mrs Hoss (aka Fiona Warren) for their huge effort in keeping all the competitors fed and watered from the Cantina throughout the entire day, so very much appreciated.

Please read below the fantastic UPC Posse Post by our cowgirl chronicler – Misty Belle (aka Chellee Martin) who surprised one and all decorating the range with not only the UPC Posse Post, but a whole lot of hilarious Wanted Posters.

Again, it was a hugely memorable day for our 3rd Annual Woodstock Regulators Shoot, which continues to get bigger and bigger each year and that we will look at possibly extending into a 2 day shoot. These big shoots only work so well because everybody gets in and contributes.

Breaking News SCANDAL ON THE RANGE!

Jenarado Misses the Mark, Hits the Streets Local Legend Goes Full Gangster After Popping the Post

In what can only be described as the most dramatic moment since someone brought caviar to the club BBQ, Jenarado went out to Louisville and missed the target—but it took swag when she went gangster.

It all started innocently enough. The crowd was buzzing, the sun was shining, and Jenarado lined up for what should've been a textbook shot. But instead of netting glory, she popped the post like a rebellious penguin with a vendetta.

The shot ricocheted off with the kind of disrespect usually reserved for parking fines. But did Jenarado crumble? Absolutely not.

She turned around, slow-motion style, sunglasses appearing out of nowhere (possibly summoned by sheer attitude), and with a smile only previously held by the likes of Neo & John Wick she just dropped it with the hottest move of the season. "This town ain't just about guns," she declared, "it's about soul."

Spectators were stunned. One child dropped their ice cream. An elderly man nodded solemnly, whispering, "That's how legends are born."

By the end, the crowd wasn't sure if they'd witnessed a sports moment or the birth of a new cultural movement.

Club officials were unsure whether to award her points for style, swag, or sheer audacity.

Outlaw Chef: Brother Red on the Rampage Again!

Lock up your frigides and hide your spatulas—Brother Red is back, and this time, he's armed with a taste and zero chill.

Witnesses say the outlaw chef stormed the club kitchen at high noon, demanding "flavour justice" and threatening to flambe anything that looked bland. One terrified sausage roll was seen trying to escape through the pie warmer.

"Will the town get fed?" asked one concerned local. "Or will we waddle away safe for another day?"

When confronted, Brother Red simply growled: "I don't cook meals—I serve justice. And tonight, justice is medium-rare."

Brother Red reportedly serving up another mystery so spicy it caused spontaneous line dancing and temporary loss of polite vocabulary. Survivors described the taste as "life-changing" and "possibly illegal in three states."

Club officials are considering installing a panic button next to the spice rack.

"The Ballad of Buckshot Junction"

In the dusty town of Buckshot Junction, where the tumbleweeds rolled with more confidence than the sheriff, trouble was always brewing—usually in a coffee pot that hadn't been cleaned since the Gold Rush.

Tommy Two Guns, the fastest draw in three counties (and the worst poker player in five), had just strutted into town with his boots polished and ego unscuffed. He was looking for Le Quint, a mysterious gambler with a French accent so thick it made molasses seem runny. Le Quint had cheated Tommy out of a prized mule named Clydesdale—who now lived a life of luxury eating imported oats and judging people silently.

Meanwhile, Red Justice, the town's self-appointed vigilante (and part-time poet), was busy writing haikus about vengeance. His brother, Brother Red, had taken a vow of silence after losing a duel to a cactus. They communicated only through interpretive dance and eyebrow raises.

Slim, the lanky bartender with a mustache longer than a prairie dog's shadow, served drinks with names like "Rattlesnake Regret" and "Cactus Surprise." No one knew what was in them, but they were 80% flammable and 100% questionable.

Buckshot Bear, the local blacksmith and part-time bear wrestler, had just finished forging a horseshoe shaped like a question mark. "For philosophical horses," he explained.

Then came Jenarado, the outlaw with a heart of gold and a bounty so high it had its own zip code. She rode into town on a stolen wagon pulled by confused goats and immediately challenged Tommy Two Guns to a duel—not for revenge, but for fun and possibly snacks.

The Rusty Fox, a sneaky trickster with a tailcoat and a tail (no one asked), was scheming to rob the town bank using a team of trained raccoons and a harmonica solo as a distraction.

Doc, the town's doctor-slash-mad-scientist, was experimenting with "medicinal chili" that could cure hiccups or cause spontaneous square dancing. Results were inconclusive.

Lady Mercy, the saloon singer with a voice that could melt steel and a glare that could freeze whiskey, was preparing for her nightly performance. Her backup dancer, Lil Miss-Fire, had a tendency to accidentally set things ablaze during her dramatic twirls. The fire department (a bucket and a guy named Carl) was on standby.

As the sun dipped below the horizon, the town gathered for the annual "Woodstock Regulators Annual Shootout Festival." Tommy Two Guns faced off with Le Quint. Slim juggled flaming bottles. Buckshot Bear arm-wrestled a tumbleweed, and Lady Mercy sang a ballad so powerful it made the raccoons cry.

In the end, no one won the shootout, but everyone left with a story, a bruise, and a slightly better understanding of raccoon choreography.

THE UPC POSSE POST

Vol. 3 PG. 4

WEEKENDER WOODSTOCK AUGUST 2025

Scents

Lady Mercy and the Shot That Counted

Out in Buckshot Junction, folks don't forget a good shot—and Lady Mercy's clean shoot streak hasn't been beat. A thousand clean hits, from wild dogs to rusted-out drones, she's kept the bush safe with nothing but her pistol and grit. The town held its breath as Lady Mercy stepped up, dust on her boots, calm as a still dam. She drew, aimed, and let fly. 1,001. Still clean.

She tipped her hat and said, "Ain't that the record? It's about keepin' home safe." Reckon she'll do it again?

Editor's Note from Misty Belle

Well butter my biscuits and call me bewildered—Just when you thought Buckshot Junction couldn't get any rowdier, we've got new boots stompin' into town and they're not here for the knitting circle.

Let me be the first to officially (and cautiously) Crusty Splittoon, and Chuckwagon—the newest members of the infamous Woodstock Regulators. That's right, folks. The Regulators are awakin', and they've brought enough attitude to make a rattlesnake reconsider its life choices.

Crusty Splittoon, who allegedly hasn't blinked since 1967, arrived with a cloud of dust and a trail of questionable decisions. He's got a shotgun collection that rivals the town's library in size and smell. He looked like he part-tumbledweed, lady's still out.

And then there's Chuckwagon, the culinary outlaw in training with a flair for fire and flavour, has declared war on bland food and weak coffee, and has already challenged Brother Red to a biscuit duel at dawn.

Together, they've joined forces with the Woodstock Regulators, who are now officially the most unpredictable posse west of the Peculiar River. Their mission? Unclear. Their fashion sense? Aggressively fringe-based. Their impact? Immediate and slightly smoky.

So lock up your livestock, hide your harmonicas, and keep your sass levels manageable. The Regulators ride again—and Buckshot Junction may never be the same.

Yours in dust and dreams,

Misty Belle

Editor-in-Chief, The UPC Posse Post
"Keeping it spicy since 1883."

Congratulations to the following place getters –

Women's Try Shooting Event At Hume

Girls On Target – November 2025

The Hume Pistol Club was delighted to host 60 women on Saturday the 8th for its inaugural Girls On Target event — a unique shooting experience created for women who wanted to feel bold, capable, and empowered. The event marked an exciting milestone for the club, bringing the thrill of shooting sports to women of all ages and backgrounds in a safe, supportive environment.

The day offered participants the opportunity to try a range of firearms under expert supervision, learn essential safety skills, and develop confidence both on and off the range. The atmosphere was electric, with laughter, cheers, and a sense of camaraderie filling the air as attendees challenged themselves and discovered new abilities.

Feedback from the day was overwhelmingly positive, with participants commenting on how empowered and confident they felt after trying something completely new. The event wasn't just about shooting—it was about building self-assurance, embracing challenges, and connecting with a community of like-minded women.

Following the success of the November event, bookings are now open for the next Girls On Target experience in April 2026. The Hume Pistol Club looks forward to welcoming even more women to the range for another exciting, fun-filled, and empowering day and dispelling the myths around firearms.

Just some of the feedback -

Angela Mullavey

Thank you to the Club & members for putting on such a great event. It was really well organised & everyone was so welcoming!! Will definitely be joining!

Peri Vee

Guys this was so much fun!! What a ripper day with amazing women and equally amazing staff.

Sarah Grinter

Massive thank you to the club and volunteers. It was an amazing event, everyone was so welcoming. Such a great club.

C-j SoldierWolf

My daughter & I had a wonderful time on Saturday. Extremely well run, very professional & inviting. Its made me really think about joining the club. Thank you all involved. 😊

Helen Woulfe

Absolutely fabulous day, so empowering, a must for any age. Loved the day.

NOTE: This event is totally separate and has no affiliation with the Girls On Target Information. & Training (GOT IT).
