FOCUS ON NSW 3

From the President

We are already halfway through 2026 and this edition of the Focus we can stick to the positives.

The winners

The ISSF Nationals recently concluded with the NSW State Team triumphantly defeating the other states to bring home the Phillip Adams aggregate. Despite a bit of a plague going through the team, everybody still came together and managed to book an impressive win. A huge thank you to the Pistol Shooting Queensland crew for organising such a successful event.

The PA Nationals were held in early April with massive achievements from NSW team members across the matches including podium finishes, national records and personal bests. An amazing, combined effort led us to runner up of the Manton Shield, behind Western Australia. Well done to all those who contributed to such a fantastic result at Yarra Pistol Club!

Big thanks to Cherie May and those who assist her in the logistics of such huge events.

New horizons

Congratulations to Michele Sandstrom for being elected the new Target Pistol Australia President. Michele is currently the president of Pistol Shooting Queensland and has the formidable task of helping run the Brisbane International Shooting Centre

Also being welcomed into the TPA management board is Dr Sunaina Sangwan from Western Australia. Sunaina has a very impressive academic history which will bring enormous value to the TPA board.

I trust that Michele and Sunaina will take TPA in new and exciting directions and I look forward to working with them both into the future.

Also, we give a warm welcome to Alex Baez, Sport Development Coordinator for Target Pistol Australia. Alex has the huge but exciting task of supporting growth, sustainability and overall development of pistol shooting across Australia. Best of luck to Alex in his new role.

Well-deserved rests

Ray Andrews OAM has served Western Australia, Pistol Australia and the broader shooting community for many decades. I have had many dealings with Ray over the past few years and while it is sad to see him step away from his official duties at TPA, we are all grateful for everything he has achieved and wish him well in his retirement.

Spencer Tweedie, one of our own fabulous and respected judges in NSW, has also concluded his role as Secretary of Target Pistol Australia. Spencer has served NSW and Australia in various high-profile roles and brings with him a calm and pragmatic

approach to governance and officiating. We thank Spencer for all his efforts over many years, and I look forward to seeing him on the range again soon.

Coming up

We have already had a hugely successful year competition wise, but there is much more to come! Jump on the NSWAPA website for the full calendar details.

From the Editor

What a start to the year it has been with local competitions all around the state, Shooting Australia selection events and a couple of our juniors off to compete overseas!

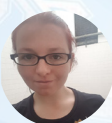

A quick reminder that every edition I publish the cutoff dates for submissions. Every month the submissions are coming in later and later. Please, ***if you regularly contribute to the Focus***, put the dates in your calendars with week before reminders as I will not be holding print for your articles in future if you are late. It takes time and effort to compile the focus and even more time is being wasted chasing people, even beyond more than reasonable extension times. You don't need to wait until cutoff either, you can submit your articles straight away, which saves rushing to produce something last minute.

I look forward to seeing more submissions from clubs about events being held as this is when our shooting calendar really gets jam packed with competitions, training events, grass roots, coaching courses and exciting club events. More people will attend your events if they know about your club, so send the articles in to focus@nswapa.org.au.

Closing dates for submissions and contributions for Future Focus editions:

- **1st September 2026**
- **1st December 2026**
- **1st March 2027**
- **1st June 2027**
- **1st September 2027**
- **1st December 2027**

Reminder Again: Please send all photos as high definition photos separate to your articles and not imbedded in PDF files. If the pictures are too blurry they will not be printable and therefore will not be included. If you imbed the pictures in PDF files that are the wrong page size for the Focus, it will come out stretched and elongated. Please don't use PDF for articles.

From the State Team Manager

2026 ISSF NATIONALS

With the conclusion of the TPA PA Nationals, our attention turned to the TPA ISSF Nationals, scheduled to take place at BISC in Queensland.

Sunday proved to be quite hectic, filled with airport pickups and the task of collecting the buses. Although the logistics posed a few challenges, we managed to coordinate everything smoothly in the end. After gathering the buses, our car, and all the participants, everyone arrived safely and settled into the accommodation.

Monday brought heavy rain and chilly conditions as we made our way to the range. Most attendees took care of registration and equipment checks, and the atmosphere was lively with plenty of opportunities to reconnect with friends. Many competitors seized the chance to squeeze in some training before the events began.

The highlight on Monday was the 10m Air Pistol Mixed Team event, which attracted a large number of entries. After an electrifying final, two NSW Juniors, Tanvi Lathwal and Ben Paulino, emerged victorious, marking a fantastic start to the competition.

With the TPA PA Nationals now complete, our focus shifted to the TPA ISSF Nationals, which was going to be in BISC in Queensland.

Sunday was a busy day, with airport pickups and collecting the buses. It was a logistical challenge, but we eventually got the buses, our car and everyone back safely and settled into the accommodation.

On Monday, we headed to the range in heavy rain and cool conditions. Most people completed their registration and equipment checks. It was also a good opportunity to catch up with friends, while many took the chance to do some training.

Monday also saw the 10m Air Pistol Mixed Team event shot. There were a lot of entries in this event, and after an exciting final 2 NSW Juniors won, Tanvi Lathwal and Ben Paulino.

From Tuesday to Saturday, competition ran each day, with early starts and late finishes that often saw us returning home in the dark. We had some good results during the competition. Between Tuesday and Saturday, the competition was in full swing each day, with participants facing early mornings and late afternoons that frequently meant arriving home in the dark. Throughout the week, our team achieved several impressive results. Tuesday set a positive tone, as NSW secured victory in the 50m Pistol, with strong finishes from NSW members. While we encountered a few challenges during the week, the team responded admirably, overcoming obstacles and delivering strong performances from various NSW team members.

On Wednesday night, the team and their families gathered at the accommodation restaurant for the much-anticipated annual Team Dinner. Around 30 people attended, creating a lively and welcoming atmosphere. Everyone enjoyed a wonderful evening together, made even better by the delicious food on offer. I want to extend my heartfelt thanks to all the team members for joining us, and to the families and supporters whose presence made the night truly special.

Saturday marked the final day of competition, and by then, the increasing number of team members falling ill had become a genuine concern. The Centre Fire Team, in particular, was not in top form before the event began—Nathan appeared especially unwell. After some careful discussion between us, we made the decision to bring in Ravi, our reserve, to step in. Out of consideration, we chose not to inform Ravi until just before the presentation at the end of the competition. Despite not being at their best, the team delivered an impressive performance, earning a well-deserved second place. I want to extend my congratulations to them for their resilience and determination under challenging circumstances.

Saturday night brought the much-anticipated Prestation evening. Once everyone was ready, we hopped on the bus and headed back to the range for the celebratory dinner. The festivities began with drinks and nibbles, setting a relaxed and cheerful tone. Soon after, we moved into the space between the 50m and Air ranges, where an impressive long table—stretching roughly 50 metres—awaited us. The sight was truly remarkable. Each state had its own designated area, and we found ourselves right in the centre of the action.

Throughout the evening, aggregate trophies were presented, recognising outstanding performances. A special congratulations goes to Ben Paulano for winning the Junior 2 Match aggregate—a fantastic achievement!

The Phillip Adams Team Trophy capped off the evening, as South Australia was announced as the champions. The team proudly took to the dais, greeted by enthusiastic applause from their fellow competitors. With the formalities concluded, the night unfolded into a lively celebration—young attendees enjoyed music and dancing, while others took the opportunity to say their farewells and head home.

The following morning began with an early airport run, dropping off the juniors as well as a very unwell Allison, then returning one of the buses. Afterward, it was back to the accommodation to pack up and head home. Later that day, I received a message suggesting there might be an error in the scoring, potentially changing the winner of the Phillip Adams Trophy. I quickly ran some rough calculations and also asked the WA Team manager to double-check the results. By the next day, it became clear that NSW was, in fact, the rightful winner.

It has since been officially recognised that this outcome is correct. My thoughts are with the SA Team during this time, and on behalf of the NSW Team, I want to express our appreciation for their sportsmanship and dedication throughout the competition. We eagerly anticipate the opportunity to reunite and compete again next year and are excited to share another memorable experience with everyone involved.

NSW celebrated strong results-

- 1st place in the 50m Pistol Team, 10m Air Junior and 25m Pistol Junior Teams
- 2nd Place in 25m Women Pistol Team, 25m Center Fire Team
- 3rd Place in 25m Rapid Fire Team, 10m Air Women Team

Australian Champions – Benjamin Paulino – 10m Air Junior Men Air and 25m Pistol Junior.
Daniel Repacholi – 10m Air Men

Individual top 10 results are as follows –

Ben Paulino – 2nd 50m Pistol, 7th (qual 2nd) 10m Air Men, 1st 10m Air Junior, 1st 25m Pistol 2nd Junior Std

Austin Villada – 1st 50m Junior, 1st 25m Rapid Fire, 3rd 10m Air Junior, 6th 25m Pistol Junior, 1st 25m Std

Daniel Gascione- 2nd 10m Air Youth, 7th 25m Pistol

Anthony Cronberger - 2nd 10m Pistol Junior, 3rd 25m Rapid Fire, 4th 10m Air Junior Men, 9th 25m Pistol

Tvarita Ravindran – 10th 10m Air Junior Women

Ellie Rudder – 2nd 10m Air Women (Qual 7th), 2nd 25m Pistol Women (Qual 4th)

Dannielle Donohue – 7th 10m Air Women (Qual 8th), 3rd 25m Pistol Women (Qual 7th)

Kerry Bell – 6th 50m Pistol, 4th 25m Center Fire

David Moore – 4th 50m Pistol

Nathan Blackburn – 6th 25m Centre Fire, 3rd 25m Pistol Men

Ravindran Vasudevan – 3rd 25m Rapid Fire

Jarod Nekipelov – Congratulations on your 11th Placing in 25m Rapid Fire, 1st time on the team

Several team members also finished in the top 20—congratulations to them all. I would also like to give special recognition to NSW non-team members who performed well-

Daniel Repacholi – 1st 10m Air, 3rd 50m Pistol

Tanvi Lathwal – 2nd 10m Air Junior Women, 4th 25m Pistol Junior Women

Mia Robley – 5th 10m Air Junior Women, 8th 25m Pistol Junior Women, 5th 25m Standard Pistol

10 June 2026

Congratulations to all team members and NSW athletes who competed and represented NSW so well.

In closing, although there were a few issues during the Nationals, they did not diminish the enjoyment of the competition or the chance to reconnect with old friends. I hope measures are put in place to prevent an important trophy from ever being presented to the wrong winner again. I also hope we can find a way to properly recognise the team for its efforts.

I would like to thank the team for its ongoing support and friendship—I truly appreciate it. I am proud of the team and honoured to serve as your Team Manager. I hope to continue in this role for some time yet.

I hope everyone who was unwell at the Nationals has now recovered, and I look forward to catching up with you all during the year. Don't forget to nominate your shoots.

Wishing you all the best with your shooting.

Cherie May
PA/ISSF STATE TEAM MANAGER

FOCUS
ON NSW

From the NSWAPA Coaching Director

Since the last Focus article the following have been conducted:

- GOT: 14th and 15th March 2026 at Campbelltown Liverpool District PC.
- Grass Roots Session: 21st March 2026 at Lightning Ridge Pistol Club
- Club Instructor Course: 22nd March 2026 at Lightning Ridge Pistol Club
- Junior Championships: 4th April 2026 at SISC.
- Club Instructor Course: 30th May 2026 at Hume Pistol Club.
- Tri-State: 5th to 8th June 2026 at MISC, Victoria.

The next sessions are:

- Grass Roots Session: 14th June 2026 at Maitland PC
- Grass Roots Session: 20th June 2026 at Coffs Harbour Pistol Club
- Club Instructor Course: 21st June 2026 at Coffs Harbour Pistol Club
- Service/WA1500 Workshop 2026: 27th and 28th June 2026 at Dubbo PC

We are currently evaluating:

- Pre 2026 State Titles Training Workshop at SISC, Proposed for Monday 28th to Wednesday 30th September 2026, for any NSWAPA members to polish up techniques.
Participants responsible for SISC and other expenses.
- Coach Level 1 course at SISC, Proposed for November 2026.
- NSWAPA Team & Squad workshop 2027 at SISC. Maybe February 2027.

If you are interested in any of these let me know so I can sort out a list, nothing has been booked or organised yet. They will only be organised with sufficient interest.

Grass Roots and/or Club Instructor

NSWAPA has been busy conducting the highly successful Grass Roots and Club Instructor sessions for clubs and members, contact me if you are interested or would like further information.

NSWAPA Web Page Calendar

The Calendar on the NSWAPA Web Page is your go to for Coaching seminars, matches, entry forms etc, check it regularly.

Jeffrey Langlands

NSWAPA Coaching Director
statecoachingdirector@nswapa.org.au

Grass Roots Seminar in Lightning Ridge

The Lightning Ridge Pistol Club recently welcomed an invaluable opportunity for growth, hosting a Grass Roots Training Seminar on 21st March, followed by an Instructors Course the next day. The two-day event brought together shooters of all experience levels, united by a shared commitment to developing their skills and deepening their understanding of the sport.

Led by NSW State Coaching Director Jeffrey Langlands, the seminar offered participants expert guidance on technique, safety, and competition protocols. Despite being a small rural club, the event attracted a strong turnout, with 15 local shooters taking part in a comprehensive program that balanced theory with hands-on practice. Sessions were held across both the air range and the 25-metre range, allowing attendees to immediately apply newly acquired knowledge in a practical setting.

For many participants—particularly those new to the sport or from rural backgrounds—the seminar provided a rare and valuable chance to receive structured coaching in the finer points of target shooting. Opportunities like this are especially significant in regional communities, where access to high-level instruction can be limited.

Building on this momentum, five club members went on to participate in the Instructors Course held the following day, further strengthening the club's capacity to support and mentor its shooters into the future.

The Lightning Ridge Pistol Club extends its sincere thanks to Jeffrey Langlands and John Roach (NSW Pistol Association Secretary) for their dedication in travelling to the region, generously volunteering their time, and sharing their expertise. Their contribution was deeply appreciated, and the club hopes they enjoyed their visit to "The Ridge."

By Katherine Deisenberger (Member) and Hanna Deisenberger (Lightning Ridge Pistol Club Treasurer)

Shooter's Diary

THE ATHLETE'S SECRET WEAPON IN TARGET
PISTOL SHOOTING

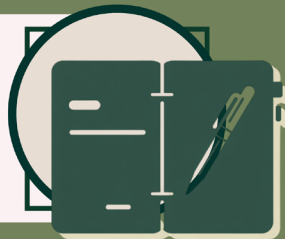

Track Performance

Record every session's scores, conditions, and results. A diary gives you a clear, objective view of your shooting performance over time.

Identify Patterns

Spot recurring strengths and weaknesses across sessions. Recognising patterns helps you understand what influences your accuracy and consistency.

Improve Technique

Document grip, stance, breath control, and trigger discipline. Written notes reinforce technical learning and accelerate skill development.

Monitor Progress

Compare results week by week and month by month. Visualising your growth keeps you motivated and focused on your competitive goals.

Mental Readiness

Log your mental state, focus levels, and pre-competition routines. A diary builds psychological resilience and sharpens competitive mindset.

TRI STATE

2026 REPORT

5th – 8th June

This year, Victoria was the State to hold the Tri State event. We were all set to be on course to the Diamond Valley Pistol Club when at the last minute they had a change of heart.

Luckly MISC accepted us with welcome arms and did an amazing job accommodating all 3 states for our yearly event. Their friendly and welcoming disposition was one that we of NSW want to extend our sincere thanks for and we hope that this can be the regular Tri State choice for the future, when it is Victorias turn to host.

I must mention how proud I am of all team members! Their comradery, behaviour and dedication to the event was top level. Training and warm up sessions were taken with the importance they should have. I have noticed a huge difference in the attitude towards this section of their shooting process, and it is a great lift to my coaching career to see that the effort put in is getting through. The Juniors are grasping the importance of these aspects.

NSW walked away the Victors for 2026 with 5294 points, then South Aust with 5084, followed by Victoria with 4985.

Alec Tompkins from NSW won the 2-match aggregate with a total of 1115 and 28 X's

Alec also shot a 50 in the precision half of 25m pistol, winning himself \$50 (a NSW initiative)

Mia Robley shot a 50 in the rapid fire half of 25m pistol. Mia and Rebecca Chen are new to the experience of the Tri State Team and I want to let them know that they did a wonderful job! No matter what the results the way you handled the pressure and the experience was first class. Be proud of yourselves, as I am!

Thank you, big time, to Jeffrey Landlangs! I was sick and could not hold up my end of responsibilities. Jeff took up the slack without any hesitation. I could not ask for a better amigo!

Thank you to you, Jeff and the Team for pitching in taking care of the old girl!

Kind Regards
Allison Doyle
NSW APA Junior Director

Dedication not only for her shooting process, but at 4am
Rita Ravendran is up studying for school.

5am warm up stretches from Rebecca Chen, while everyone else is sleeping! Rebecca's sleeping attire is so cute!

But there is time for FUN! Daniel Guascoine(Left) Rita and Rebecca (Right) sharpening their skills!

The team, in a very orderly manner, checking their firearms in at the airport!

VICTORIAN TEAM

SOUTH AUSTRALIAN TEAM

NSW TRAINING .22 MATCH

NSW TRAINING FOR BOTH AIR PISTOL AND SPORT PISTOL

NSW APA JUNIOR TRI STATE TEAM 2026

Alec Tompkins – NSW
A 50 in precision, 570 in 25m pistol, 2 match aggregate winner!

~~2020 TLMPG JUNIOR CHALLENGE~~

CANCELLED

WHY? Because the organizer will be overseas at the ISSF Accademy gaining a wealth of knowledge and experience to bring back and share with you all.

So it is a small trade off for a great advantage for all Juniors coming through our system.

I am very sorry to have to cancel but the timing could not be helped!

Regards,

Allison Doyle

From the NSW Referee Director

BECOMING A RANGE OFFICER, JUDGE OR HOLSTER EXAMINER

In previous articles, I have advised that the correct point of contact in NSW for enquiries regarding Range Officer Courses, becoming a Judge or becoming a Holster Examiner is to email me direct at wunicomb@bigpond.net.au

Over recent months, there have been quite a few enquiries lodged through NSW Amateur Pistol Association, and these do end up being referred to me but by contacting me direct, the potential for your enquiry being overlooked (or duplicated) is eliminated and you should get a quick response from me, usually within the day.

Target Pistol Australia is in the process of setting up a page on their website to try and encourage members to seek accreditation as a Level 2 Range Officer or Judge and this page will also list the individual State Referee Council Director's contact details to make it easier for you to enquire.

CHRONOGRAPHING CENTRE FIRE LOADS

There has been discussion in various quarters lately regarding difficulties in extracting projectiles during the Chronograph procedure.

New RCBS Bullet Pullers include an instruction sheet which contains a warning that excessive force can cause a primer to detonate.

Although I have not personally seen a primer detonate while the projectile is in the process of being "pulled", there is anecdotal evidence that detonation could occur.

The instruction does not specify whether excessive force is a significantly high number of strikes to dislodge the projectile or whether it is referring to very high force impacts with the hammer.

Either way, the potential for injury to the person using the puller could be substantial if the primer did detonate so I would caution against the use of any excessive force,

I have made a submission to the National Referee Council with the view of refining the bullet pulling and chronographing procedure and this submission is expected to go to a Referee Council Meeting in July 2026 for a decision on clear guidelines which will then need to go to TPA Executive for ratification.

NEW ISSF JUDGE B

I would like to congratulate Tony Drover from Wyong District Pistol Club who qualified as an ISSF Judge B at the recent ISSF Nationals held in Brisbane. Tony will be a very valuable member of the State Referee Council predominately serving the Central Coast/Sydney Basin.

Tony has indicated to me that he now wishes to seek accreditation as a Black Powder Judge and will commence training in that discipline shortly.

Wayne Unicomb
NSWAPA Referee Director

Girls On Target Weekend at Ulladulla

Another fantastic training weekend was held in Ulladulla, at the range where it all began. This pistol club had been on my list to visit for some time, and it certainly lived up to expectations. Ulladulla is an off-grid, solar-powered range with a seven-target Quantum air range and excellent live-fire facilities. Readers may recognise it from previous Focus editions featuring western shooting, and the club's competition caterer, Adam, once again did an outstanding job looking after everyone over the weekend.

I would also like to thank Jim, Ana, Lisa, Ty, Adam, and everyone else who came out to support us, fire up generators in the rain, and help make the event such a success. Many participants were attending a Girls On Target weekend for the first time and made great progress in a supportive, encouraging learning environment. Thank you also to Fran for baking and bringing out biscuits for champions made from Lalita's recipe.

Thank you to our sponsor, AJ Freight Hub, for generously providing training pellets so the ladies can continue practising the skills they developed over the weekend. I would also like to thank Grycol for the tote bags that were given to Bob's chosen 3 most improved ladies over the weekend.

The next Girls On Target event will be held at Cessnock on 12–13 September, providing an ideal chance to train at the same range that will host the state championships. Juniors are also welcome to attend, with free registration available for all juniors. Morning tea and lunch will be included, and the coaches and I are already developing a program designed to make the event valuable for everyone, whether or not you are competing at the State Championships. All levels are welcome to attend from never shot matches through to advanced.

Look forward to seeing you there!

Host a
Weekend

Girls On Target

We are looking for clubs willing to host a Girls On Target Weekend in 2027 in either March, June or September to support women and juniors in our sport to develop skills and gain confidence. Please contact me if interested at focus@nswapa.org.au

Mature Age Competition

The monthly Mature Age Competitions (MAC) at SISC grew from a concept of Les Spurrier (Burilda Pistol Club) and Peter King (Kemps Creek Pistol Club) who had noticed that a goodly number of 'retired' shooters tended to have a shot during the day on Wednesdays and the SISC range was sorely underused on weekdays. With a bit of word-of-mouth promotion, the monthly 'old farts' competition was up and running on the second Wednesday of each month! At Les' instigation, the normal gradings were discarded and an age-defined group system was introduced, with 'juniors' being under 60, and no upper age limit.

Somehow political correctness crept in and the 'old farts' became the 'Mature Age Competition'.

The basic MAC competition programme has been in place since the beginning – we start with Standard Pistol, with a short coffee break then 'Sport' Pistol or Centrefire Precision Stage at each shooter's option. After a break for lunch, we conduct the Rapid Fire Stage. Included in the programme from the beginning was 40-shot Air Pistol (the abbreviated course of fire allows country members to get away before the traffic builds up). 50m Pistol was added to the programme in the early days and lately we also have 50m BR rifle to enable A/B category shooters to gain rifle attendances for that category.

After some years, a number of the regulars asked why don't we have two competitions each month? The 4th Wednesdays were added to the calendar, using the same competition format.

The Trophies:

There is a points score system leading to annual trophies. The original (2nd Wednesday) points were awarded for each match for each age group; 3 points for first, 2 points for second and one point for attending. The points are accumulated for each year and the Les Spurrier Trophy awarded. For the 4th Wednesday competitions, a self-handicap system is used and an annual trophy awarded. This trophy was kindly donated by Terry Leighton (Genysis PC).

Who were these people that the trophies are named after?

Les Spurrier was a long-time mover and shaker in the Pistol movement. Name it and Les was probably deeply involved: Club Member, Competition Administrator, Range Officer, A-class Pistol Judge (both National and ISSF), long-time member of the National Referee Council where he was involved in developing the TPA Range Officials courses, coach, and above all a shooter (he was a National Black Powder champion back in the day)

Barry Cameron was another long-time pistol shooting stalwart. Barry was a consummate woodworker, this despite missing some fingers because of a schoolboy prank gone wrong – his grips are each a work of art and he was particularly active in making and modifying grips for junior pistol shooters. To be allowed into his workshop when he was grip-making was always a delight; his skill level was phenomenal. He was also an inveterate pistol tinkerer with his Margolin MCM modified for Rapid Fire Pistol is a masterpiece. Barry's pistols are on display at the Lithgow Small Arms Museum.

The winners for 2025.

Les Spurrier Trophy – Toni Benton, Hubertus – 61 points

Barry Cameron Trophy – George Lang, Sydney – 62 points

Potter
FIREARMS

Murrumbidgee Valley Championships 2026 Wagga Wagga P. C.

The weather was kind to Wagga Pistol Club this year as the Club conducted the fifty fifth Murrumbidgee Valley Championships on the third weekend in April, not much wind and good shooting conditions. Sixty five entries were received shooting 237 events over the three days. Again we offered 25m Pistol for Men as well as Centre Fire, and to enable this to happen we had a 3.00 pm detail of precision on Friday afternoon for 25m Men. Twenty two competitors lined up on range 3 and this made it possible to have all the 25 metre events finished by the Saturday evening. It also means that competitors could now enter six events for the competition. Friday afternoon squadding was so popular that we had three details of Air Pistol, 25 entries as well as the detail of 25m Precision during the afternoon. The Friday squadding made it possible for 6 event shooters to ease the Saturday workload back to 2 ½ events on the Saturday. This experiment with 25m Pistol (Men's Sport) has been successful for the competitors as well as the club as it reduces the pressure on Saturday squadding and spreads the Club's workload.

During the 25 metre Men Precision, Alamdar Dastani shot four X's and a 10 for his last series and achieved the \$ 50.00 reward.

Top scorers at Wagga this year are:-

- 50 m Pistol Rodd Lavell 512
- Rapid Fire Pistol Kerry Bell 557
- Centre Fire Kerry Bell 567
- Standard Pistol Kerry Bell 549
- Air Pistol Men Tim Turton 562
- Air Pistol Women Lara Cowling 556
- 25 m Pistol Women Lara Cowling 553
- 25 m Pistol Junior Alec Tompkins 555
- Air Pistol Junior Men Alec Tompkins 558
- Air Pistol Junior Women Tvarita Ravindran 536
- 25 m Pistol Men Kerry Bell 565

The Men's 5 match Aggregate was won by Tim Turton with a total score of 2686 and the Women's 3 match Aggregate was won by Lara Cowling with a total score of 1634

Murrumbidgee Valley Championships

Target Pistol Australia National Championships at Brisbane

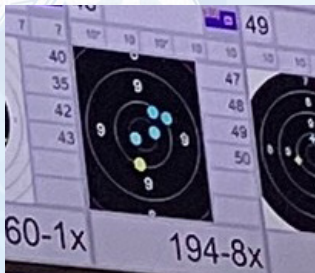

For the last ten years the NSWAPA has offered to all its members a \$50 note if they could shoot five tens on a target in Precision series at the State or National Championships. From 2018 Air Pistol, 50m Pistol and the Service, WA events were included for difficult series.

This year at the Nationals three members achieved the required level.

Ravi Vasudevan shot a 50 on the last precision series of 25m Pistol Men

Steven Ramirez shot his during Centre Fire Precision.

In Air Pistol the requirement for the \$50 is seven X or 10s consecutively during the match. With an excellent display of marksmanship during Air Pistol Ben Paulino shot 10's and X's from his 29th to his 39th shot, nine 10's and 2 X's that is 11 consecutive shots within the 10 ring. The State Executive awarded him an extra \$10 for each of the four tens above the minimum requirement.

7th Metallic Silhouette 100 m Small Bore and Field Pistol Championships 30th – 31st May 2026

Day One cancelled due to FOG. Consequently, not all people could shoot their allocated matches in two days. Picture taken at 1200 Friday 29th. It did not get any better.

Single Action News

Its getting cold, so that means the single action shooting competitions are starting to heat up for the year.

Firstly a shout out to the NSW APA shooters who attended the World Championships of Single Action shooting in Phoenix AZ USA in February this year. Mick W (The Trapper) and Jeffrey O (Waco Kid) from Cowra both placed 9th in their categories and were part of the 21 Aussie's who travelled to the US. There were also another 7 NSW SSAA competitors which saw NSW with a very strong representations at these world championships. Well done to all.

We started the year a fantastic regional competition held in Nowra in April which attracted around 50 competitors. The catering at the competition is well renowned with the club leaving no bellies go empty across the 3 days.

The state titles will have been run and won by the time you read this, with this event being held in Bathurst over the June long weekend. This year the state titles for Wild Bunch is also being held in conjunction with the Single Action match which is great.

The Heartland shoot is a SASS Regional competition which will be held at the Gold Coast in July and is always a fast, fun competition that see's a good number of NSW shooters head north to compete at.

Buff Camp is a 'Pat Garrett' match and will be held from the 21-23rd of August at the SSAA Windermere complex along with a Single shot black powder match, so get your entries in for this great match.

Chisholm Trail is another large SASS competition held at Millmerran in QLD in the week leading up to the October long weekend and is always a great event.

The Single Action National Championships will be held in Virginia in South Australia across the 19th – 25th of October and we hope there will be some NSW APA shooters competing there to represent their state.

Don't forget, for more information on Single Action shooting in both NSW and across Australia, check out the website **<https://acas.today>** which has a wealth of information and news, competition results, entry forms and links.

Cheers for now.
Michael Porter aka Drop Bear

A shoot to remember

On Sunday the 26th April, under picture perfect autumn blue skies, a small group of veteran Service Pistol shooters met at Cowra Pistol Club to remember a dear friend who had recently passed away. That friend is Gregory Armstrong, or simply Greg to his friends.

Not only was Greg a very long-term member of Cowra Pistol Club, he was also a long-serving member of the club Committee, an accredited Club Coach and Holster Examiner and general advisor to all who knew him. He was ever willing to share his extensive knowledge of pistol shooting and in particular, his endless knowledge of the Service Pistol matches. He guided many pistol shooters through their formative years in the sport. He also loved to tell a good yarn, which he did with vaudeville theatrics.

Greg was also one of the small number of A Grade/Master Grade shooters who figured at the very top of the Service Pistol match scores for several years over the period of the late 1980s to mid 1990s.

The day was filled with a great deal of on-range chatter and laughter, and later at lunch there were numerous yarns about Greg and his many achievements. My personal favourite was about the battle that raged over several years in the heyday of the 1980s to early 90s, between the A grade shooters for the outright top score. In the Service Pistol match, Ray Gray held the honours, which were later snatched from him by Greg at a State Titles event held at Blacktown PC with a stunning score of 886 in 1996. It's worth noting that this is the match that is shot from the holster with full power-factor loads. This record score still stands today, a true testament to Greg's mastery.

The Cowra club has recently completed a full rebuild of both the 50 metre and 25 metre ranges, which are now fully covered from the firing line to the rear in matching, high quality steel structures. The 50m range was opened in November of 2015 and the first match held on it was a sanctioned Black Powder event made up of numerous matches. The new range facilities drew very favourable comment from many of the competitors.

The Cowra club has also been successful in gaining a grant to construct a new, state-of-the-art Air Pistol Range. Construction on this range will begin very soon, following the style of the new 50m and 25m ranges.

The club's membership has been steadily increasing and new members have mentioned that the new range facilities are a definite drawcard. This shows the wisdom of the decisions to invest in new and purpose built facilities that improve the shooting experience for members.

But, back to the Service Pistol day. The range looked immaculate, as a result of the efforts of club President David Robinson. David spent three days preparing the range for the event and this was greatly appreciated by all participants. Lunch was held in the cool shade of the cedar tree and was a delicious BBQ provided by the club and prepared by Wendy Robinson (yes, David's wonderful "better half"). As usual, Wendy's cookies would have won any Land Cookery contest. Cherie May was our Range Officer, Judge and scorer and Ray Gray was "chief story teller".

Michael Jadezak, producer of Eminence Projectiles in Orange, very kindly provided some projectiles for the top shooter on the day and showcased his products on the range. Thank you very much Michael. Contact Eminence Projectiles at info@eminenceprojectiles.com.au or on +61411506757.

All in all, this was a day that harked back to the heyday of Service Pistol matches – filled with good friends, good conversation, good memories, lots of laughter and a great lunch.

Cakes, Cannons and Costumes Make Cancer Council's Biggest Morning Tea a Standout Success

Campbelltown Liverpool Districts Pistol Club brought the community together in spectacular style for its annual Cancer Council Biggest Morning Tea, featuring cakes, cannons and colourful costumes. The much-loved event was once again a resounding success, raising an impressive \$1,500 this year, with the club already aiming for an even bigger and better fundraising celebration next year.

Cancer Council is the country's largest non-government funder of cancer research, and every donation helps drive life-changing progress. Thanks to the generosity of supporters, Cancer Council has invested almost \$250 million in Australian cancer research over the past five years.

That vital investment is making a real difference, helping increase cancer survival rates from 49% in the 1980s to 71% today. More Australians are surviving cancer than ever before, and brilliant researchers continue to push forward with discoveries that bring hope to individuals and families nationwide.

Support from Australia's Biggest Morning Tea hosts is also helping fund groundbreaking research that could see Australia become the first country to eliminate cervical cancer, potentially as early as 2028.

Every cup of tea, slice of cake and dollar raised through Australia's Biggest Morning Tea helps empower Australians to reduce their cancer risk by supporting world-leading prevention campaigns. These efforts include promoting cancer screening programs and healthy lifestyle education through initiatives such as SunSmart.

Club News

Campbelltown Liverpool Districts Pistol Club are putting Juniors First

We are starting a new junior joining incentive , where there is no cost for juniors joining the club , all safe handling training, including supply of ammunition for the safe handling training, is at no cost along with No membership fees and the club is also paying the juniors capitation for the first year

How we look after our juniors is paramount , ensuring they enjoy the experience and are supported along the way .

We should always keep in mind , no matter how good they are at the sport, they are still kids and deserve to be protected, supported and encouraged to ensure they continue and grow to be our members and leaders of the future.

ADVERTISEMENT TERMS AND CONDITIONS

1. On Focus NSW (FOCUS) publishes all advertisements/images/text on the understanding they have been supplied free from any violation or infringement of law. The Advertiser indemnifies and agrees to keep NSWAPA free from all liability, claims, procedures, losses and expenses arising from, but not limited to, slander of title, copyright and/or trademark infringement, defamation, violation to the right of publicity and/or privacy, or any breach of the Trade Practices Act 1974.
2. Advertising artwork must be supplied as per FOCUS's technical specifications outlined above. FOCUS may alter any supplied advertising that does not comply with artwork specifications in order to make it fit within the allocated advertising space or to meet quality standards. FOCUS will not accept any responsibility for these changes if not signed off by the Advertiser.
3. FOCUS publishes all images on the understanding that the Advertiser holds copyright or has sought permission for usage from the photographer/illustrator and has provided any necessary credits.
4. FOCUS will not accept any responsibility for the quality of reproduction of the advertising where FOCUS's technical specifications have not been met.
5. Advertisers may not make any changes to their advertising material once they have approved their advertisement proof, unless agreed by FOCUS.
6. If advertising components or finished artwork are not received by the material deadline, FOCUS may insert previously submitted advertising in its place. Where previous advertising does not exist, FOCUS may omit the Advertiser's advertisement all together.
7. FOCUS is not liable for the failure to publish any advertising content because of, but not limited to, strikes, accidents, terrorism, acts of nature and any event outside FOCUS's control.
8. FOCUS accepts no responsibility for any errors in amendments made by FOCUS to advertising supplied by the Advertiser.
9. FOCUS reserves the right to delay the publication date and amend closing dates for bookings and the supply of artwork, for any reason and at any time.
10. FOCUS reserves the right to make enquiries relating to the Advertiser, its company, director/s and/or related entities, in accordance with the Privacy Act 1988.
11. Any additional promotion of the Advertiser is at the discretion of FOCUS. There is no guarantee of the use of any additional images (whether supplied by the Advertiser or photographed by FOCUS) or any additional editorial supplied to FOCUS.
